

Siva's Site Screenshots

The screenshot shows a web browser window titled "Siva's Site" with the address bar displaying "localhost:8080". The browser interface includes standard navigation buttons (back, forward, search, refresh), a star icon for bookmarks, and a user profile icon. Below the address bar, there are tabs for "Cricket" and "Physics", along with icons for "Bookmarks" and "All Bookmarks". A navigation bar at the top of the page contains three buttons: "Home" (highlighted in blue), "Projects", and "Contact". The main content area features a large heading "Home", followed by the text "Siva G" and "Lifelong Student". Below this, a paragraph welcomes visitors to the site, mentioning the developer's passion for Flask and Python, and the purpose of showcasing projects and providing contact information. To the right of the text is a portrait photograph of a man (Siva) smiling, wearing a grey t-shirt with a small graphic. The background of the photo includes colorful circular shapes and text like "OKIES ICE CREAM CUPCAK".

Siva G

Lifelong Student

Welcome to my personal site! I am a passionate developer learning Flask and Python. This site showcases my projects and provides a way to contact me. Feel free to explore and reach out!

The screenshot shows a web browser window with the title "Siva's Site". The address bar displays "localhost:80...". The navigation bar includes icons for back, forward, search, and other functions. Below the address bar, there are tabs for "Cricket" and "Physics", and links for "Bookmarks" and "All Bookmarks". The main content area features a navigation bar with three buttons: "Home", "Projects" (which is highlighted in blue), and "Contact". Below this, a large section is titled "Projects". Inside this section, there is a box containing the heading "Module 1: Personal Website" and a paragraph describing the project. At the bottom of this box is a link "View on GitHub".

Projects

Module 1: Personal Website

This project involves creating a personal developer website using Flask. It features a responsive design, navigation, and details about my Python coursework.
